

# IS YOUR STATIONARY DIESEL ENGINE IN COMPLIANCE WITH AIR QUALITY REGULATIONS?

IF NOT, FARM BUREAU IS HERE TO HELP

## DO YOU HAVE AN AGRICULTURAL DIESEL ENGINE LARGER THAN 50 BHP?

Is it registered with the Bay Area Air Quality Management District?

**IF NOT, ENROLL IN OUR PROGRAM TODAY!**

Is your diesel engine located in the Bay Area Air Quality Management District (areas South of Arata Ln.)?

**IF SO, ENROLL IN OUR PROGRAM TODAY!**

## WHY THIS PROGRAM MAKES SENSE FOR YOU

- If you are out of compliance by not registering your 50 bhp stationary diesel engine take advantage of the opportunity to become compliant by enrolling in Farm Bureau's FREE program.
- Our program limits the potential for you to receive fines or action from 3rd party organizations.
- We will assist with the registration process at no cost and will even visit your property to help you gather information necessary for registration.
- Whether you are in compliance or will become compliant through our program we will work with farmers to apply for funding to replace Tier 0-2 engines.

THE CURRENT DEADLINES IN THE AIR DISTRICT REGULATION 11-17 REQUIRE REGISTERED TIER 0 AND 1 ENGINES TO BE REPLACED BY DECEMBER 31, 2020 AND THAT TIER 2 ENGINES TO BE REPLACED BY DECEMBER 31, 2025.

WE WILL HELP GET YOU REGISTERED AND ON THE PATH TOWARDS COMPLIANCE FOR **FREE**
